On a mission to turn potential into purpose

Usher's New Look is a non-profit organization that transforms the lives of the under-resourced youth through comprehensive programming which develops passion-driven, global leaders from middle school through college. We are determined to enable young people to discover their spark, graduate from high school, achieve higher education and training, build careers, and be of service to their communities. Our work helps the youth future-proof their lives from negative statistics to become leaders who change their world.
